

Refining Enzyme Masque

Brighten and polish your skin.

Glycolic acid (15%) exfoliates dead skin cells to reveal fresh new vibrant skin below and in combination with **EPST**, an extract taken from off the coast of Moorea, improves skin smoothness.

Vitamin C brightens the complexion and evens skin tone whilst **Water Lily flower extract** soothes and calms the skin.

Directions

- Apply a thin layer to a dry, freshly cleansed face and neck avoiding the lips and eyes. Leave on for 10 minutes. Wash off thoroughly with warm water and remove all traces with a damp cotton pad. Follow immediately with Refreshing Multivitamin Sérum
- **Do not use on broken skin**

Ingredients

Water, Glycolic Acid, Glycerin, Olea europaea (olive) fruit oil, Sodium Palmitoyl Proline, Nymphaea alba flower extract, Beeswax, Euphorbia cerifera (candelilla) wax, Butylene Glycol, Vibrio Alginolyticus Ferment Filtrate, Hydroxyethylcellulose, Caprylyl Glycol, Caprylhydroxamic Acid, Sodium Hydroxide, Xanthan Gum, Fragrance, Sodium Ascorbyl Phosphate.

Refreshing Multivitamin Sérum

Nourish and soothe your skin.

Skin appears visibly refreshed and renewed with **Saccharomyces Skin Defence extract**. **Marine EFA** lipid nutrients nourish and protect whilst **BetaNMF** extract provides hours of hydration for comfortable smooth supple skin all night.

Vitamin C visibly brightens the complexion and evens skin tone and **Water Lily flower extract** soothes and calms the skin.

A **multivitamin blend** provides a fat- and water-soluble nutrient cocktail for the skin.

Directions

- After using the Refining Enzyme Masque, apply a thin layer to a dry face and neck. May be applied to the lips and around the eyes. Leave on overnight
